18 ADVANCED NUTRIENTS

— FOR TOTAL WELLNESS —

Team Life Champions Pvt Ltd

1

Malus domestica (Green Apple)

Provides polyphenols and dietary fibre-derived compounds that support digestion, cholesterol metabolism, and general antioxidant intake as part of a daily regimen.

Digestion Support

Heart Health

2

Grape Seed Extract

A concentrated source of OPCs (proanthocyanins) that supports healthy blood circulation, vascular tone, and everyday oxidative stress protection.

Circulation Support

Vascular Health

Antioxidant Protection

3

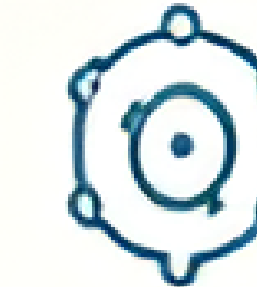

Beta-NMN

Supports the body's NAD+ levels, which play a role in cellular energy metabolism — often taken daily for general energy and metabolic support.

Energy Production

Cellular Health

Metabolic Support

4

CoQ10

Supports mitochondrial energy production in cells, commonly used for everyday energy levels and cardiovascular support.

Energy Support

Heart Health

Cellular Energy

5

Resveratrol

A polyphenol antioxidant that supports cardiovascular health and helps the body manage everyday oxidative and inflammatory stress.

Heart Health

Anti Support

Antioxidant Protection

6

L-Acetyl Carnitine

Helps transport fatty acids into cells for energy production; often included in daily supplements for mental clarity, focus, and energy metabolism.

Energy Metabolism

Mental Clarity

7

Alpha Lipoic Acid

A versatile antioxidant that supports blood sugar metabolism and helps regenerate other antioxidants in the body (vitamin C, E, glutathione) — useful for everyday metabolic support.

Antioxidant Support

blood Sugar Support

8

EGCG (Green Tea Extract)

Supports metabolism, healthy fat oxidation, and provides daily antioxidant protection; commonly used for weight management support.

Metabolism Support

Fat Oxidation

9

DHA (10%)

An omega-3 fatty acid essential for daily brain function, memory support, and eye health maintenance.

Brain Health

Eye Health

18 ADVANCED NUTRIENTS

Team Life Champions Pvt Ltd

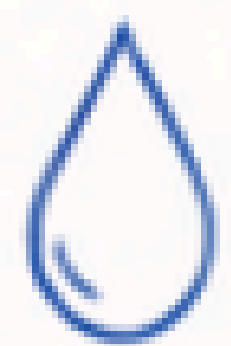

10 Hyaluronic Acid

Supports daily joint lubrication and hydration at the cellular/tissue level, along with skin moisture support.

Joint Lubration

Skin Hydration

Tissue Health

11 Spermidine (1%)

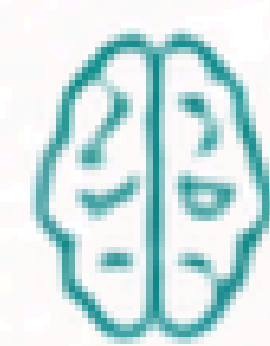

Supports the body's natural cellular renewal (autophagy) processes; taken daily to support cardiovascular and cognitive wellness.

Cellular Renewal

Heart Health

Cognitive Support

12 Lycopene (10%)

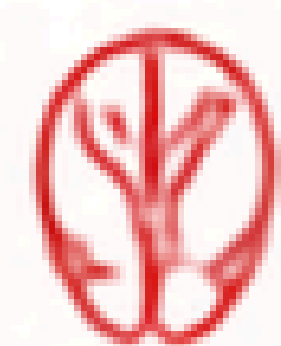

A carotenoid antioxidant that supports daily protection against oxidative stress, with particular research interest in prostate and heart health.

Antioxidant Protection

Heart Health

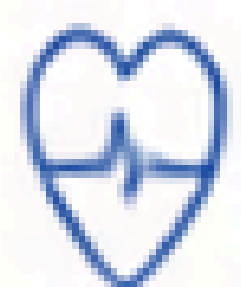

Prostate Health

13 Omega-3

Core daily nutrient supporting heart, brain, eye, and joint health; also helps manage everyday inflammation.

Heart Health

Joint Health

14 Piperine

Enhances the bioavailability/absorption of other active ingredients in the formula (like curcumin and resveratrol), maximizing their daily effectiveness.

Absorption Enhancer

15 Ginger Extract

Supports daily digestive comfort, healthy gut motility, and helps manage everyday inflammation and nausea.

Digestive Comfort

Gut Health

Anti-inflammatory Support

16 Ginseng Extract

A well-known adaptogen used daily to support energy levels, mental performance, and immune function.

Energy Support

Mental Performance

17 Ashwagandha Extract

An adaptogen that supports the body's daily stress response, helps balance cortisol, and supports better sleep quality and energy.

Stress Support

Better Sleep

18 Curcumin

Provides potent daily anti-inflammatory and antioxidant support; commonly used for joint comfort and general wellness.³

Anti-inflammatory Support

Joint Comfort

Antioxidant Protection

18 NUTRIENT CELLULAR COMPLEX

CELLULAR & LONGEVITY ACTIVES

- Apple Stem Cell Extract
- Beta-NNM
- Spermidine (Wheatgerm Extract)
- Resveratrol

ANTIOXIDANT DEFENSE COMPLEX

- Grape Seed Extract
- EGCG (Green Tea Extract)
- Lycopene
- Curucumin

ENERGY & METABOLIC SUPPORT

- CoQ10 (Coenzyme Q10)
- L-Acetyl Carnitine
- Black Ginger Extract
- Ginseng Extract

ESSENTIAL NUTRIENTS

- Hyaluronic Acid
- Piperine (Black Pepper Extract)
- Omega-3 Fatty Acids Providing:
 - EPA 90 mg
 - DHA 60 mg

RECOMMENDED USAGE

Sublingual absorption method: Place the powder under the tongue (on salivary area) so that nutrients are absorbed directly into the blood stream or mix one sachet in 180-200 ml of water or in your favourite beverage, stir well & consume once daily. Ideal time would be morning or as directed by a healthcare professional.

STORAGE

Store in a cool, dry & hygienic place.
Keep away from direct sunlight.

CAUTION

Not to exceed the recommended daily usage.
Not for medicinal use.
This product is not intended to diagnose, treat, cure or prevent any disease.
